## Create an enabling home environment

10 simple dementia enabling environmental principles  
in support of a person living with dementia

Unobtrusively reduce risks

Provide a human scale

Allow people to see  
and be seen

Reduce unhelpful stimulation

Optimise helpful stimulation

Support movement  
and engagement

Create a familiar place

Provide a variety of places to  
be alone and with others

Provide a variety of places to  
be alone and with others - in  
the community

Design in response to the  
vision for way of life
