

**1** **PATHWAYS**  
Principle #3; Principle #6:  
Ensure safe and clear pathways within the garden considering overhanging branches, plants with thorns, moss, mould, uneven or broken pavers or loose gravel.  
  
Consider using poured concrete for pathways. This ensures smooth and even paths that don't lift or move like conventional pavers.

**2** **WILDLIFE**  
Principle #5: Attract wildlife into your garden through features such as bird baths and feeders.  
  
Consider planting flora and fauna which attract butterflies and birds. Such plants include Bottlebrush, and Grevillia.

**3** **SEASONAL PLANTS**  
Principle #5: Consider planting seasonal or all year round flowering plants so that the garden will be alive with colour and wildlife all through the year.

**6** **PLANTING GUIDES**  
Visit the enabling environments website for planting guides for sensory plants, dangerous or poisonous plants to avoid and for other helpful tips on creating a beautiful and enabling garden in your own backyard. [www.enablingenvironments.com.au/GardensandNature](http://www.enablingenvironments.com.au/GardensandNature)

**5** **SEATING**  
Principle #8: Ensure that there are shaded areas to relax and sit comfortably.

**4** **WATER**  
Principle #5: Water features can add an extra sensory dimension to the garden.
